# RECORDS CONTROL SCHEDULE FOR THE

STAT

STAT

~~CONFIDENTIAL~~

DRAFT - 25 March 1960

Dispatch \_\_\_\_\_

25X1 TO: [ ]

FM: C/NE

SUBJECT: Records Disposition Authority

ACTION REQUIRED: As indicated in paras. 1, 2 and 3 below

REFERENCES: A. (Field Dispatch transmitting [ ] Schedule #82.1)  
B. (Book Dispatch transmitting copy of Disposition Guide for Auxiliary Paper Holdings)

25X1

25X1 [ ]

1. Review of the proposed Records Control Schedule for the [ ]

25X

25X1 [ ] transmitted with Reference A, has been delayed pending the development of the Disposition Guide for Auxiliary Paper Holdings (Reference B). Copies of your Schedule received in headquarters were unclassified but have since been stamped "Secret". Retained copies of the Schedule should be classified accordingly.

2. In the light of the guidance provided to the Chief of Station by Reference B, you may wish to consider further certain items on your Schedule as follows:

a. Item 36, Dossier File, contains "biographic information on Communists and other prominent personalities" to be destroyed "3 years after date of latest information or forward to gaining station". If such information of value to the CS has been furnished to headquarters, there is no objection. Such information can be disposed of only by a competent intelligence officer applying the value stand-

25X1 ards in [ ]

~~CONFIDENTIAL~~

b. Item 39, Biographic Information File, the Station's central card index, would be destroyed "when no longer of current value or 5 years from date of last entry on card, whichever is sooner". While it is not possible to put an arbitrary time limit on CS interest on information pertinent to its mission, where such information is already recorded at headquarters, the field may destroy copies with impunity when its own requirements cease. See Chapter III of [ ] and 25X1 Note #3 of the Disposition Guide, Reference B.

c. Items 5, 27, 28, 35, 44 and 45 (Project and Agent 201 Files). The field is encouraged to destroy files on dead projects and terminated agents; however, prior to destruction, such files should be reviewed for record copies of documents which contain information of legal value as defined in para. 8.b. of Chapter III, [ ] 25X1

3. The Station may wish also to review the following items:

25X1

[ ]

Disposition Guide  
(Reference B)

25X11. Item 1

[ ]

Item 5

2. Item 8 - Personnel Folder File

Items 15.d. and 18.b.

3. Item 11 - Summary Accounting Files

Item 15.i.

4. Item 13 - Voucher and Control Files

Item 15.j.

5. Item 17 - Motor Vehicle File

Item 16.e.

6. Item 21 - Book Dispatch File

Item 7

-2-

*[Handwritten signature]*

~~CONFIDENTIAL~~

4. Additional items from the [redacted] 25X1

a. Item 7, Basic Registered and Top Secret Documents. Headquarters assumes that [redacted] will be followed 25X1 in the disposition of such documents.

b. Item 24, Name Index File. It is possible that the Station will find a master file of cryptic references valuable and pertinent even after cancellation of cryptonyms, or, in the case of staff personnel, after departure of the personnel.

5. (Any other points that NE may wish to add.)
